

Name of the Department: DEPARTMENT OF PERIODONTICS

Vision:- The department of PERIODONTICS, MARDC will be a premier centre for integrated scientific learning, advanced research and a forerunner in clinical practices.

Mission:- The Department will achieve its vision by undertaking comprehensive training in Periodontics at the UG & PG level ; by incorporating high ethical standard in grass root level and clinically significant research programmes ; by making use of the best available technology , clinical skills and evidence based treatment protocols for patient care, all directed in the creation of able , compassionate and successful doctors in the field of Periodontics.

Department introduction:

Periodontics is an established speciality of dentistry which deals with diseases of structures that support tooth & management Over last decade new facets have become integral to periodontology such as oral implantology , laser periodontology & microsurgery. It is a matter of pride that the department is one of the few centres in the country that offers indepth training in these new dimensions of PERIODONTICS.

The department has separate working clinics for PG & UG students. A central sterilization room looks after overall sterilization & disinfection of instruments, materials working area & laundry. Weekly seminars, journal club presentations & tutorials for students are conducted in seminar room. Department has latest Audio Visual facilities & free access to high speed internet .PG's have individual working areas for themselves where they have their lockers to keep record & personal belongings .At UG level we impart training in a group as well as in individual manner so as to prepare a student to diagnose & treat diseases of supporting structures of the teeth on daily basis & make appropriate referrals for advanced care .The PG program in PERIODONTICS aims at

producing a candidate competent in teaching ,clinical & research activities

HOD's Desk:

She graduated from government dental college, Aurangabad & did her MDS from government dental college, Mumbai .she has a vast academic experience of 25 yrs & was associated with process recognition of both graduate & post graduate dental colleges.
